

Visits and Outings

At Pine Rivers, we offer children a range of local outings including walks and visits off the premises. We believe that planned outings and visits complement and enhance the learning opportunities inside the nursery environment and extend children's experiences. We always seek parents' permission for children to be included in such outings. A blanket consent/permission will be asked at joining the setting via Family App.

Procedures

Visits and outings are carefully planned using the following guidelines, whatever the length or destination of the visit:

- A pre-visit checklist, full risk assessment and outings plan will always be carried out by full trained staff before the outing to assess the risks or hazards which may arise for the children, and identify steps to be taken to remove, minimise and manage those risks and hazards. We will endeavour to visit the venue prior to the visit. This will ensure that the chosen venue is appropriate for the age, stage and development of the children
- Written permission will always be obtained from parents before taking children on trips (Via Family)
- Parents should be notified of any plans to go on trips that are not local to the nursery or require using public transport
- We provide appropriate staffing levels for outings dependent on an assessment of the safety and the individual needs of the children.
- Staff will notify their Manager /Person in charge before leaving, when they have reached their destination and when they are departing.
- At least one member of staff will hold a valid and current paediatric first aid certificate and this will be increased where risk assessment of proposed activity deems it necessary
- A fully stocked first aid box will always be taken on all outings along with any special medication or equipment required
- A completed trip registers together with all parent and staff contact numbers will be taken on all outings
- Regular headcounts will be carried out throughout the outing. Timings of headcounts will be discussed in full with the nursery manager prior to the outing
- All staff will be easily recognisable by other members of the group; they will wear the nursery uniform and high visibility vests/jackets (Where possible)
- Two fully charged mobile phone will be taken as a means of emergency contact
- Ensuring staff: Child ratio are always maintained
- Children will travel on straps (walkadiles), prams. On other occasions children may be holding hands with an adult.

- In the event of an accident, staff will assess the situation. If required, the group will return to nursery immediately and parents will be contacted to collect their child. In the event of a serious accident an ambulance will be called at the scene, as well as parents being contacted. One member of staff will accompany the child to the hospital, and the rest of the group will return to the nursery.

Risk assessment/outings plan

This plan will include details of:

- The name of the designated person in charge - the outing leader
- The name of the place where the visit will take place
- The estimated time of departure and arrival
- The number of children, children's individual needs
- The equipment needed for the trip, i.e. first aid kit, mobile phone, coats, safety reins, pushchairs, rucksack, packed lunch etc.
- Staff contact numbers
- Method of transportation and travel arrangements (including the route)
- Financial arrangements (£10 petty cash to be given for emergencies)
- Emergency procedures
- The name of the designated first aider and the first aid provision
- Links to the child's learning and development needs (Purpose of the visit and what children will learn from it)

Use of vehicles for outings

- All staff members shall inform parents in advance of any visits or outings involving the transportation of children away from the nursery (i.e. trips to the museum, zoo)
- The arrangements for transporting children will always be carefully planned and where necessary additional people will be recruited to ensure the safety of the children. This is particularly important where children with disabilities are concerned
- All vehicles used in transporting children are properly licensed, inspected and maintained
- Drivers of vehicles are adequately insured
- When we use a minibus, we check that the driver is over 21 years of age and holds a Passenger Carrying Vehicle (PCV) driving licence. This entitles the driver to transport up to 16 passengers
- When children are being transported, we maintain ratios.
- Children can only use public transport e.g., busses if parents have given written permission.

- Children will not be transported in staff members vehicle under any circumstances

When planning a trip or outing using vehicles, records of vehicles and drivers including licenses, MOT certificates and business use insurance are checked. If a vehicle is used for outings the following procedures will be followed:

- Ensure seat belts, child seats and booster seats are used
- Ensure the maximum seating is not exceeded
- All children will be accompanied by a registered member of staff
- No child will be left in a vehicle unattended
- Extra care will be taken when getting into or out of a vehicle
- The vehicle will be equipped with a fire extinguisher and emergency kit containing warning triangle, torch, blankets, wheel changing equipment etc.

Lost children

In the event of a child being lost, the Lost Child Procedure will be followed. Any incidents or accidents will be recorded in writing and Ofsted will be contacted and informed of any incidents.

There may be opportunities for parents to assist on outings. The manager will speak to parents prior to the visit regarding health and safety and code of conduct.

In the event of an emergency (including a terrorist attack)

In the event of an emergency whilst out on a visit, we encourage staff to find a safe haven and remain there until the danger passes. Each outing will have a detailed risk assessment, which covers all these risks and is planned ahead.

This could cover other issues such as extreme weather, emergency (such as an ill or injured child) etc.

Also think about how to contact parents to let them know everything is ok.
